13. (Internal Use Only - PLC) LIAISON Received a call from Lt. Col. Wolinsky in the office of General Greenlief, Director of Programs for the Air Force. Col. Wolinsky was referred to me by [redacted] IC Staff. Col. Wolinsky said that during General Greenlief's briefing of the House Armed Services Committee, Representative Thomas Downey (D., N. Y.) asked General Greenlief to comment on the Agency briefing of the Committee on "How the Russians Conduct a War." Col. Wolinsky inquired as to the nature of the briefing in order that General Greenlief can respond to Mr. Downey. I explained that Mr. Downey was undoubtedly referring to the Agency briefing of the Committee in the last week of January on the Intelligence Community estimate of the comparative strengths of the NATO and Warsaw Pact forces. Col. Wolinsky thought General Greenlief may make some inquiries with DIA on the subject and doubted that he will be back to us as to the specific matter covered.
